## Amanda La Monica, Makeup artist, LaGlam (ENTREPRENEUR)

One of Sydney's most sought-after bridal makeup artists, Amanda La Monica, 30, has gone from strength to strength, launching an international cosmetics brand off the back of her successful makeup artistry career. Owing and operating full-time makeup business since 2004, Amanda wanted to create a line that would easily and quickly achieve everything her clients and other makeup artists were in search of. The LaGlam mineral makeup range was launched in November 2009. Amanda has achieved a lot at a young age: from raising a young family (she has three children under five) to building her two businesses. She still manages to maintain the balance of her busy work and home life.
